

Good afternoon, Eisenhower School Families,

This Friday, March 8, Eisenhower students will walk the short distance from our modular units to Jacksonville Middle School to view the JMS Spring musical production of *Matilda, Jr.* This performance will last about an hour, and all of our Eisenhower teachers and staff will accompany and stay with students. We are so grateful for the middle school's hospitality, as this will be the third fine arts performance we've been able to experience this school year.
